## Wellness for your senior pet

A senior wellness evaluation is an invaluable way to ensure your pet is on the right track as they enter their golden years. Unfortunately, most people do not realize their pet is starting to have issues until they are showing signs of illness, indicating the underlying disease has already progressed.

### Important facts about senior testing

An aging pet's organs gradually deteriorate and may lose their ability to function properly. Our focus is to promote early detection and treatment of diseases, so we can maintain your pet's health, prevent or delay illness, and allow more effective and less costly treatment options.

	Life stage	Age of cat	Human equivalent
 Tigger 3 months old	Kitten birth to 6 months	0 – 1 month	0 – 1 year
		2 – 3 months	2 – 4 years
		4 months	6 – 8 years
		6 months	10 years
 Sugar 13 months old	Junior 7 months to 2 years	7 months	12 years
		12 months	15 years
		18 months	21 years
		2 years	24 years
 Rosie 3 years old	Prime 3 years to 6 years	3	28
		4	32
		5	36
		6	40

10	56	60	66
11	60	65	72
12	64	69	77
13	68	74	82
14	72	78	88
15	76	83	93
16	80	87	120

### What pets should take part in senior testing?

We recommend senior testing for all pets eight years of age and older. Our comprehensive senior care program is designed to identify potential problems early and to institute preventive measures to maintain and extend your pets length and quality of life.

### Special Pricing for Senior Wellness Testing

We are committed to maintaining the health of your senior pet. As an existing and valued client, we are **discounting** our Senior Wellness Panel for your pet to **\$125.00** (a savings of more than 45%). \*Hazardous waste fee of \$2.20 will be added.

### I'd like my pet to be screened for Senior Wellness, or I have more questions. What do I do?

Please call us with any questions you may have or to arrange an appointment. As always, our staff and doctors are here 24 hours a day to provide you and your pet with comprehensive veterinary care.
